

## Mission Statement

The Mission of Gulf Breeze High School is to achieve and maintain an academic community that fosters achievement for all students, regardless of ability and background. The teachers, students, administration, staff, parents, and community assume responsibility for the achievement and progress of each student. Ultimately, we must prepare our students to be problem-solving, creative, productive, and responsible citizens in an ever-changing world.

## BUILDING PARTNERSHIPS

Would your business like to partner with us? We are always looking for local business & community partners and the ability to provide our students with more connections between school and work in the areas of Job-Shadowing, Mentorships, and Internships.

Please contact us today!

The Academy of Multimedia Design & Technology offers an innovative, integrated learning environment focused on computers, technology, and communications. The Academy is designed to provide the students with the training and skills necessary to pass the certification examination for careers such as: Graphic Designer, Web Design Specialist, and/or Multimedia Specialist. The academic study combined with technical training will prepare students for career pathways leading to college placement or the workforce. Students will use printed materials, videos, computer software lessons, demonstration and practical applications, which suit their individual learning styles. The Academy provides students with instruction blending graphic & digital arts and technology. Successful completion of this program will allow students to be eligible for the Florida Bright Futures Scholarships and other scholarship opportunities.

*GBHS Academy of Multimedia Design & Technology IS Santa Rosa County School District's*  
**MOST AWARD WINNING ACADEMY!**

The Gulf Breeze High School Academy of Multimedia Design & Technology offers expanded choices to students that challenge them academically and provide them with skills to successfully continue their post-secondary education and meet career goals.
